

In The Name Of God

Principles Of Programming

Spring – 2019

TA Score :

1.2 Home Works

0.75 TA Project

0.60 Quizes

0.25 Selected Problemsets

0.20 Algorithm Presentation

Total : 3 points

Attending Grader's classes are optional and has no extra points .

Attending in another section (which is not planned as your default section) and disrupting the regulation or settlements might cause you **negative** score .

The project can be in groups of two .

all students should do the home works but themselves . Any cheating or fraud **WILL DEFINITELY COST YOU NEGATIVE SCORE** .

if you have any questions , Google it first . If there were no resources , ask your graders .

any suggestions or complains are accepted and inform any members of the team .

With Regards ,

TA team – Spring 2019
